SOME BENEFITS OF DL

- Less TDY
  - Less time away from home
  - Safety risks decrease
  - Saved dollars
- More training options for the CDR
- More flexibility for the soldier

Current Methods for Language Sustainment

- Contract Support
- Immersion programs
- Ling Net
- COTS programs

How Can DL help?

- Live instructor transported to multiple locations via VTT or Satellite
- Self-paced courseware available over the network (CD-ROM Server or Web Based)
- Blended training using multiple methods and modalities

Pilot # 1

- 2 week AT/ADT period
- Taught from at Digital Training Facility, delivered to DTTP classrooms
- VTTs with live instructor and web based asynchronous training

Pilot #2

- 12-14 IDT periods (6-7 weekend drills)
- Live instructor via VTT
- Web based asynchronous training

Supplemental Language Sustainment Products

- Pashtu (1 CD : 1 module)
- Arabic – Al –Muntazz (6 CDs :10 modules)
- Russian – Khorosho (4 CDs : 5 modules)

*Courses can be loaded directly from IIS and are designed for asynchronous training

*Each module takes approx 4 hours.

Priority of Current Language Need

- Arabic 131
- Russian 124
- Korean 111
- *Spanish* *260*

What can you do to help?

- Encourage your state leadership's support
- Volunteer for the pilot programs
- Provide feedback to your state POCs
